

## Fill in the gaps

## Change Is Hard by She & Him (Zooey Deschanel)

| I'm all outta (1) but what e                  | else could I be? |               | Of new love                   |                    |
|---|------------------|---------------|-------------------------------|--------------------|
| I know he's yours and he'll never             | (2)              | to me         | So don't brag                 |                    |
| again   |                  |               | Keep it to yourself           |                    |
| I did him wrong                               |                  |               | I did him wrong               |                    |
| So don't brag                                 |                  |               | I was never no, never         | r no, never enough |
| Keep it to yourself                           |                  |               | But I can try, I can try      | to toughen up      |
| I did him wrong                               |                  |               | I listened when they          | (7) me             |
| I was never no, (3) no,                       | never enough     |               | If he (8)                     | you, let him go    |
| But I can try, I can try to toughen up        |                  |               | Change is hard, I should know |                    |
| I listened (4) they told me                   |                  | I should know |                               |                    |
| If he burns you, let him go                   |                  |               | I should know                 |                    |
| Change is hard, I (5)                         | know             |               | I should know                 |                    |
| I should know                                 |                  |               | I should know                 |                    |
| I should know                                 |                  |               | I should know                 |                    |
| So I'll keep my head down                     |                  |               |                               |                    |
| If you keep it quiet from now                 |                  |               |                               |                    |
| On in the halls I'd (6) hear silence than the |                  |               |                               |                    |
| hell  |                  |               |                               |                    |

- 1. luck
- 2. belong
- 3. never
- 4. when
- 5. should
- 6. rather
- 7. told
- 8. burns
