

## Fill in the gaps

## See you again by Carrie Underwood

| (1) goodbye, (2) around                      | I (16) carry you with me                       |
|--|--|
| And you were gone, gone, gone                | Till I see you again                           |
| Faded into the (3) sun                       | Sometimes I (17) my (18) is                    |
| Slipped (4) but I won't cry                  | breaking                                       |
| Because I know I'll never be lonely          | But I stay strong and I hold on because I know |
| For you are the (5) to me                    | I will see you again                           |
| You are the light I follow                   | (19) is not (20) it ends                       |
| I will see you again                         | I will (21) you (22) me                        |
| (6) is not (7) it ends                       | I will see you again                           |
| I (8) carry you (9) me                       | This is not where it ends                      |
| Till I see you again                         | I will carry you (23) me                       |
| I can hear those echoes in the wind at night | (24) I see you again                           |
| (10) me (11) in time                         | (25) I see you again                           |
| Back to you in a place far away              | Till I see you again                           |
| (12) the (13) meets the sky                  | Till I see you again                           |
| The thought of it makes me smile             | Said goodbye, (26) around                      |
| You are my tomorrow                          | And you were gone, gone, gone                  |
| I (14) see you again                         |  |
| This is not (15) it ends                     |  |
