#### Fill in the gaps

### I wish I could tell you by ChIöe Howl

I don't ever wear that dress	I'm sick of hearing you (6) you care
It's just collecting dust	But never going to apologize
I see the lighter that we shared	I know you're lying through your teeth
It's just begun to rust	But you're swearing on your life
I should've let you know but she was so much better	And there's no (7) that I know
But if I let you know would that make you forget her?	To make you understand
I wish I could tell you but I just run and hide	I'm letting you go
I wish I could tell you but it's a thorn in my side	I wish I could tell you but I just run and hide
If I could find the words to say	I wish I could tell you but it's a thorn in my side
Maybe this pain would go away	If I could find the words to say
If I could find the (1) to say	Maybe this pain would go away
We could move on, we could move on now	If I could find the (8) to say
It gets a little hard to sleep knowing you were here	We could move on, we could move on now
This other guy's (2) for me but you won't	Move on, move on now
disappear	I (9) I (10) tell you
I lost my breath and stumbled over the idea of you	Move on, move on now
But it never caught up with the reality of what you do	I wish I could tell you
I wish I could tell you but I just run and hide	Move on, move on
I wish I could tell you but it's a (3) in my side	I wish I could tell you but I just move on
If I could find the words to say	Move on
Maybe this pain would go away	
If I could find the (4) to say	
We could (5) on, we could move on now
