

## Fill in the gaps

## I wish I could tell you by ChIöe Howl

don't (1) wear that (2)	I'm sick of (17) you pretending you care
It's just collecting dust	But (18) to apologize
I see the lighter (3) we shared	I know you're lying through (20) teeth
It's just begun to rust	But you're (21) on your life
I should've let you know but she was so much better	And there's no language that I know
But if I let you know would that make you forget her?	To make you understand
I wish I could (4) you but I just run and hide	I'm letting you go
I (5) I could tell you but it's a thorn in my side	I (22) I could tell you but I just run and hide
If I could find the words to say	I wish I could tell you but it's a thorn in my side
(6) this pain would go away	If I could find the words to say
If I could find the words to say	Maybe this pain would go away
We could (7) on, we could move on now	If I could find the words to say
It gets a (8) hard to sleep knowing you were	We (23) move on, we (24) move
nere	on now
This other guy's good for me but you won't disappear	Move on, move on now
I lost my breath and stumbled over the idea of you	I wish I (25) tell you
But it never caught up with the reality of what you do	Move on, move on now
I (9) I could tell you but I just run and hide	I wish I could (26) you
I (10) I could tell you but it's a thorn in my side	Move on, move on
If I could (11) the (12) to say	I (27) I could tell you but I just move on
(13) pain would go away	(28) on
If I could (15) the words to say	
We could move on, we could (16) on now	
You're playing with my mind
