

## Fill in the gaps

Some things crept in (1) our door	But I've been wrong and
Silence soaking through the floor	I've been down so many times
Pinching like a stone in my shoe	We (8) in circles the blind leading the blind
Some chemical that's (2) down the glue	I see the landscape change before my eyes
That's (3) biding me to you	The features I've been navigating by
Oh, I (4) like I just don't know you anymore	No, nothing looks the way it did before
But I've been burned and	I don't know where to look or what to look for
I've been wrong so many times	I feel like I just don't know you anymore
We walk in circles the blind leading the blind	But I've been burned and
Well I (5) that love watched over this	I've been down so many times
house	We walk in circles, the blind leading the blind
But you're boarding up the windows now	We've been disconnected somehow
We've been leaning on each other so hard	There's an (9) wall between us now
Tied so tight we wound up miles apart	But I've been wrong and
Making (6) things so hard	I've been down so many times
Oh, I feel like I just don't (7) you anymore	We walk in circles the blind leading the blind
But I've been burned and	We've been (10) somehow
I've been down so many times	There's an invisible wall between us now
We walk in circles the blind leading the blind	
We've been disconnected somehow	
There's an invisible wall between us now
