

Fill in the gaps

Everything's so blurry and everyone's so fake	Well you shoved it in my face
And everybody's empty and everything is so messed up	This pain you gave to me
Preoccupied without you I cannot live at all	Can you take it all away?
My whole world surrounds you, I stumble then I crawl	Can you take it all away
You could be my someone	(12) you (13) it in my face
You could be my seed	Explain again to me
You (1) that I'll protect you from all of the obscene	Can you take it all away?
I wonder what you're doing, imagine where you are	Can you take it all away?
There's oceans in (2) us but that's not very	Well you shoved it in my face
ar	This pain you (14) to me
Can you take it all away?	No, nobody told me what you thought
Can you take it all away?	Nobody told me what to say
(3) you shoved it in my face	(15) showed you where to turn
This pain you (4) to me	(16) you when to runaway
Can you take it all away?	(17) you where I hide
Can you take it all away?	Nobody told you what to say
Well you shoved it in my face	(19) shows you (20) to
Everyone is changing	turn
There's no one left that's real	(21) you (22) to runaway
To make up your own ending	Can you (23) it all away?
And let me (5) just how you feel	Can you take it all away?
(6) I am lost without you, I cannot live at all	Well you shout it in my face
My whole world surrounds you I stumble then I crawl	Explain again to me, no
Then you could be my someone, you could be my seed	Explain again to me
You (7) that I'll save you from all of the unclean	You take it all, (24) it all away
I wonder (8) you're (9) I	Explain again to me
10) where you are	
There's oceans in between us but that's not very far	
Can you take it all away?	
Can you (11) it all away?
