

Whatever we deny or embrace

Fill in the gaps

Many times I've tried to tell you	For worse or for better
Many times I've cried alone	We belong, we belong
Always I'm surprised how well you	We belong together
Cut my feelings to the bone	Close your eyes and try to sleep now
Don't wanna leave you really	Close (4) eyes and try to dream
I've invested too much time	Clear (5) mind and do your best
To (1) you up that easy	To try and wash the palette clean
To the doubts that complicate your mind	We can't begin to know it
We belong to the light	How much we really care
We belong to the thunder	I hear your (6) inside me
We belong to the sound of the words	I see your face everywhere
We've both fallen under	Still you say
Whatever we deny or embrace	We belong to the light
For worse or for better	We belong to the thunder
We belong, we belong	We (7) to the sound of the words
We belong together	We've both fallen under
Maybe it's a (2) of weakness	Whatever we deny or embrace
When I don't know what to say	For worse or for better
Maybe I just wouldn't know	We belong, we belong
What to do with my strength anyway	We belong together
Have we become a habit	We (8) to the light
Do we distort the facts	We (9) to the thunder
Now there's no (3) forward	We belong to the sound of the words
Now there's no turning back	We've both fallen under
When you say	Whatever we deny or embrace
We belong to the light	For worse or for better
We belong to the thunder	We belong, we belong
We belong to the sound of the words	We (10) together
We've both fallen under
