

## Fill in the gaps

Like a grain on the beach	We don't need to believe (5) word they say, no
Like a star in the sky	They don't know me
Far too (1) to count with the naked eye	You're the one who looks right through me
They won't see you	Now you're saying that you knew me
Go ahead	When I was invisible
Walk on by	And you're the one who walked right through me
You don't know I'm alive	Now (6) saying that you knew me
Maybe one day you'll find	When I was invisible
You should open your eyes	It's so (7) to be lost
You don't know me	But maybe you're not (8) at all
You're the one who looks right through me	Do you recognize me?
Now you're saying that you knew me	Do you know who I am?
When I was invisible	Do you see me now?
And you're the one who (2) right through me	Do you see me now?
Now you're saying that you knew me	You're the one who looks right through me
When I was invisible	Now you're saying that you (9) me
(3) things adding up	When I was invisible
Try so hard not to rush	And you're the one who walked right through me
Giving in, letting go off the world we know	Now you're saying (10) you knew me
They won't see you	When I was invisible
(4) it down	I'm invisible, I'm invisible
Lose the taste	
They all think it's a waste
