

There's no one else to blame

Fill in the gaps

I saw the distance in your eyes	When love turns to pain
It didn't (1) as a surprise	Like there's nothing more to gain
But I've been wishing we can make it work	And every hope just seems to fade
And we will try	You know there is no way
I've never been (2) at (3) byes	When love turns to pain
I feel it's time to realize	No I don't need you anymore
Because I don't need your love	Forget the words I said before
No, I can do much better	It might not be OK
There's no sunshine only rain	But it's over now
When (4) choice turns out the same	It doesn't matter
There's no one else to blame	You don't know what's right or wrong
When love turns to pain	Speaking of conscience you have none
Like there's nothing more to gain	Don't wanna hear no more
And every hope just seems to fade	Because nothing you say makes it better
You know there is no way	When love (6) to pain
When love turns to pain	When love turns to pain
Just one look and perfect smile	When love turns to pain
I (5) you out	There's no sunshine only rain
We took a ride	When (7) choice (8) out the same
Since that day	There's no one else to blame
We've been going down	When (9) turns to pain
And hit the ground	Like there's nothing more to gain
I never thought you had a blame	And every hope just seems to fade
Guess there's no use asking why	You know there is no way
Because I don't need your love	When love (10) to pain
I can do much better	When love turns to pain
There's no sunshine only rain	
When every choice turns out the same
