

## Fill in the gaps

Here we are with our backs (1) the wall		We are, we are,	
We've got big city dreams		We are (6)	come together
But we don't move from the asphalt		We are gonna come together, now	
We run away from our own imagination		We are gonna run together	
But at the same time we got this amazing fascination		We're gonna turn it upside down	
We've got hopes on the horizon		Because with the smoke in the mirror	
We can't stop climbing the mountain		I can't see your face	
We're sick and tired of (2)	silent	So let's run to the fire es	cape
We are, we are,		(7) together	
We are gonna come together		We are gonna come tog	ether, now
We are gonna come together, now		Just let go, it's a free fall	
We are gonna run together		We're almost home, it's a free fall	
We're gonna turn it upside down		We are (8) come together	
Because with the smoke in the mirror		We are gonna come together, now	
I can't see your face		We are gonna run togeth	ner
So let's run to the fire escape		We're gonna turn it upside down	
Come together		We are gonna (9)	together
We are gonna (3) together, now		We are gonna come together, now	
Who are they?		We are gonna run together	
With their so-called innovations		We're gonna (10)	it upside down
They hold on like they've found		Because with the smoke in the mirror	
Their own salvation		I can't see your face	
They shy away from the slightest alteration		So let's run to the fire escape	
But at the same time we got the same fascination		Come together	
We've got (4) on the horizon		We are gonna come together, now	
We can't stop from (5)	the mountain		
We're sick and tired of keeping silent
