We're sick and tired of keeping silent		We are gonna come together, now
We are, we are,		Just let go, it's a free fall
We are gonna come together		We're almost home, it's a free fall
We are gonna come together, now		We are gonna come together
We are gonna run together		We are gonna come together, now

With their so-called innovations		I can't see your face
They hold on like they've found		So let's run to the fire escape
Their own salvation		Come together
They shy away from the slightest alteration		We are (10) come together, now
But at the same time we got the same fascination		
We've got hopes on the horizon		
We can't stop from climbing the mountain
