

## Fill in the gaps

I wanna be drunk when I wake up	You see the flicker of the clip when (8) light u
On the right side of the wrong bed	(9) just create us
And (1) excuse I made up	Burns don't heal like before
Tell you the truth I hate	You don't hold me anymore
What didn't kill me	On cold days Coldplay's out like the band's name
It never made me stronger at all	I know I can't heal things with a hand shake
Love will scar your make-up lip (2) to me	You know I can't change as I began saying
So now I'll maybe leave back there	You cut me wide open like landscape
I'm sat here wishing I was sober	Open bottles of beer but never champagne
I know I'll never (3) you like I used to	We'll applaud you with the sound that my hands make
But our house gets cold when you cut the heating	Should I, should I?
Without you to hold I'll be freezing	Maybe I'll get drunk again
Can't rely on my heart to (4) it	I'll be (10) again
Because you take part of it every evening	I'll be drunk again
Take (5) out of my mouth just (6)	To feel a little love.
breathing	All by myself
Replace with phrases like (7) you're leaving me	I'm here again
Should I, should I?	All by myself
Maybe I'll get drunk again	You know I'll never change
I'll be drunk again	All by myself
I'll be drunk again	All by myself
To feel a little love	I'm just drunk again
I wanna hold your heart in both hands	I'll be drunk again
I'll watch it fizzle at the bottom of a Coke can	I'll be drunk again
And I've got no plans for the weekend	To feel a little love
So shall we speak then	
Keep it between friends	
Though I know you'll never love me like you used to.	
There maybe other people like us
