

Fill in the gaps

Slow down	And even though she moved away
We've got time left to be lazy	We always get calls from our daughter
All the kids have bloomed from babies	She has eyes just like her father's
Into flowers in our eyes	They are blue (4) skies are grey
We've got 50 good years left to spend out in the garden	And just like him, she never stops
I don't care to beg your pardon	Never takes the day for granted
We should live until we die	Works for everything that's handed to her
We were barely 18	Never once complains
When we'd crossed collective hearts	You (5) that I nearly lost you
It was cold, but it got warm	When the doctors tried to take you away
When you'd (1) crossed my eye	But like the night you took my hand beside the fire
And then you turned, put out your hand	30 years ago to this day
And you asked me to dance	You swore you'd be here
I knew nothing of romance	Till we (6) that it's our time
But it was love at second sight.	But it's not time, you've never quit in all your life
I swear when I grow up	So just take my hand
I won't just buy you a rose	You know that I'll never (7) your side
I will buy the flower shop	You're the love of my life
And you will never be lonely	You know that I'll never leave (8) side
Even if the sun stops waking up over the fields	You come home from work and you kiss me on the eye
I will not leave, I will not leave till it's our time	You curse the dogs
So just take my hand, you know that	You say (9) I (10) never feed
I will never leave your side	them
It was the winter of 86	"Wacht its eyes"
All the fields had frozen over	And so we move out to the garden
So we moved to Arizona	Look at everything we want
To save our only son	And the kids are coming home
And now he's turning to a man	So I'll set the table
Although he thinks just (2) his mother,	You can make the fire
He believes we're all just lovers	
He (3) hope in everyone.
