

He sees hope in everyone.

Fill in the gaps

Slow down	And even though she moved away
We've got time (1) to be lazy	We always get calls from our daughter
All the kids have bloomed from babies	She has eyes just like her father's
Into flowers in our eyes	They are blue when skies are grey
We've got 50 good (2) left to (3)	And just like him, she never stops
out in the garden	Never takes the day for granted
I don't care to beg your pardon	Works for everything that's handed to her
We (4) live until we die	Never once complains
We (5) barely 18	You think that I nearly lost you
When we'd crossed collective hearts	When the doctors tried to take you away
It was cold, but it got warm	But like the night you took my hand beside the fire
When you'd barely crossed my eye	30 years ago to (9) day
And then you turned, put out your hand	You swore you'd be here
And you asked me to dance	Till we decide that it's our time
I knew nothing of romance	But it's not time, you've never quit in all your life
But it was love at second sight.	So just take my hand
I swear when I grow up	You know that I'll never leave your side
I won't just buy you a rose	You're the love of my life
I will buy the (6) shop	You know that I'll never leave your side
And you will never be lonely	You come home from work and you kiss me on the eye
Even if the sun stops waking up over the fields	You (10) the dogs
I will not leave, I will not leave till it's our time	You say that I should never feed them
So just take my hand, you know that	"Wacht its eyes"
I will never leave your side	And so we move out to the garden
It was the winter of 86	Look at everything we want
All the (7) had frozen over	And the kids are coming home
So we moved to Arizona	So I'll set the table
To (8) our only son	You can make the fire
And now he's turning to a man	
Although he thinks just like his mother,	
He believes we're all just lovers
