

Fill in the gaps

Our lips forget to throb	I see through your open mouth
Sitting engrossed in our talk over coffe	A memory of (13) nakedness
(1) the table, sipping our drinks	Let's not waste (14) words tonight
(2) and pointing to our fate	We (15) (16) vent to our feelings, yeah
Mingled smell pervades our talking	In the peace of our coffe talk is dead
Untroubled (3) who will dominate whom	Why not here as us
The way it should	In the quivering smell
If love were to endure	In the quivering smell
Let's not waste hard words tonight	In the quivering (17) we find
We both gave vent to our feelings, uh	We find
In the (4) of our coffe (5) is	(18) linger here and squeeze the night
(6)	Into this (19) little (20)
Why not here as us	Our bodies just begun, they love talking
In the (7) smell	Let's not (21) (22) (23)
In the quivering smell	tonight
In the quivering smell	We (24) gave vent to our feelings, uh
We find	In the peace of our coffe (25) is blind
As your (8) savours the lips	Why not here as us
Of my cup as if they yours	In the quivering smell
I no longer (9) for your kisses	In the quivering smell
Or the (10) of your skin	In the (26) smell we find
Or the (11) of your desire	We find
And though your dreams remain disguised	
In the (12) evening darkness
