When you first left me I was wanting more	But with a little help from my friends
But you were fucking that girl next door,	I found a light in the tunnel at the end
What did you do that for? (What did you do that for?)	Now you're calling me up on the phone
When you first (1) me I didn't know what to say	So you can have a little whine and a moan
I've never been on my own that way, just sat by myself all day	And it's only because you're feeling alone
I was so lost (2) then	At (4) when I see you cry,
But with a little help from my friends	Yeah it makes me smile, yeah it makes me smile
I found a light in the tunnel at the end	At worst I feel bad for a while,
Now you're calling me up on the phone	But then I just smile I go ahead and smile
So you can have a little whine and a moan	Lalala
And it's only because you're feeling alone	At first when I see you cry, (When I see you cry)
