Come Talk To Me by Peter Gabriel

Fill in the gaps

Ah please talk to me	the bugles blown as one
Won't you please come talk to me	You lie there with your eyeshalf closed
Just like it used to be	like there's no-one there at all
Come on, come talk to me	There's a tension pulling on your face
Come on, come talk to me	Come on, come talk to me
The wretched desert takes its form,	Ah please talk to me
the (1) proud and tight	Won't you please come talk to me
In (2) of you, I feel my way,	Just like it used to be
though the slowest heaving night	Come on, (9) talk to me
Whatever fear invents, I	Come on, come talk to me
I swear it (3) no sense	Don't you ever change your mind
I reach through the border fence	Now your future's so defined
Come down, come talk to me	And you act so deaf and blind
In the swirling, curling storm	(And you act so deaf so blind)
of desire unuttered words hold fast	Come on, come talk to me
With reptile tongue,	Come talk to me
the lightning lashes towers built to last	Come talk to me
Darkness creeps in like a thief	Come talk to me
and (4) no relief	I can imagine the moment
Why are you shaking like a leaf	Breaking out through the silence
Come on, come talk to me	All the things that we both might say
Ah please talk to me	And the heart it will not be denied
Won't you please come (5) to me	'Til we're both on the same damn side
We can unlock this misery	All the barriers blown away
Come on, come (6) to me	I said please talk to me
[Chorus 1:]	Won't you please come talk to me
I did not come to steal	Just like it used to be
This all is so unreal	Come on, come talk to me
Can't you show me how you feel now	I did not come to steal
Come on, come (7) to me	This all is so unreal
Come talk to me	Can you (10) me how you feel now
Come talk to me	Come on, come talk to me
The earthly (8) sucks	Come talk to me
shadowed milk from sleepy tears undone	Come talk to me
From nippled skin as smooth as silk
