

You think you'll find yourself out there

Fill in the gaps

(1) out, gracefully	Out in the lion's den
(2) nowhere, oh, quickly	In somebody's battle
I am older, day to day	Over belief systems
(3) (4) back to my childhood way	Or disappear into the vacuum
Circuital	(7) neutrality
Round and round patiently	Well you can't lose nothing
(5) lost by the guide	But nothing can be gained
And I'm all worked up over nothing	Well anyway you cut it
Circuits	We're just spinning around
All in and out	Out on the circuits
Connect my body	Over the hollow grounds
Deep into the ground	Out on the circuits
Circuits	Over the hollow grounds
Connect the (6) to the Moon	(8) right back in the same place
And link our heavenly bodies	That we started out
Not a moment too soon	Right (9) in the same place
Well you can fling open the windows	Right back in the same place
Or you can board them up	(10) we starting out
Saints to a crown	
Or Christ's humble cup
