Something I need by One Republic

Fill in the gaps

had a dream the other night	And if we only die once
(1) how we only get one life	I want to die with you
Woke me up right after two	You got something I need
I stayed awake and stared at you	In this world full of people
So I wouldn't lose my mind	There's one killing me
And I had the (2) that came from hell	And if we only die once
And yes, I (3) that you could tell	I want to die with you
But you're like the net under the ledge	I know that we're not the same
When I go flying off the edge	But I'm so damn glad
You go (4) off as well	That we made it to this time, this time
And if you only die once	You got something I need
I want to die with	Yeah, in this world full of people
You got something I need	There's one killing me
In this world full of people	And if we only die once
There's one (5) me	I want to die with you
And if we only die once	You got something I need
I want to die with you	In this (7) (8) of people
You got something I need	There's one killing me
In this world full of people	And if we only die once
There's one killing me	I want to die with you
And if we only die once	You got something I need
I want to die with you	In this world (9) of people
Last night I think I drank too much	There's one killing me
Call it our temporary crunch	And if we (10) die once
With broken words I've tried to say it	I want to die with you
Honey don't you be afraid	If we only die once
If we got nothing, we got us	I want to die with
And if you only die once	If we only live once
I want to die with	I want to live with you
You got (6) I need	
In this world full of people	
There's one killing me
