

Fill in the gaps

Vell, I tried to (1) it	I tried to let it fade
Baby, I tried to break it	But I can't get away
But that's some kind of spell you got over me	I really hope you're listening
You're a heavenly vision	Because I never thought I would say
Going to make it my mission	I can't help myself (7) falling in love
Do whatever it takes to get you with me	From falling in love with you, yeah
Everywhere I go	I can't help myself from taking the drug
Yeah, no one else I know	From taking the drug
That shines as bright as you in my telescope	It's you, yeah
I tried to let it fade	It happens every time
But I can't get away	Can't get you off my mind
I really hope you're listening	And anybody else better wait in line
Because I never (2) I would say	I can't (8) myself from falling in love
I can't help myself from falling in love	From falling in love with you, yeah
From falling in (3) with you, yeah	They told me "Son, you'll be addicted"
I can't help myself from taking the drug	You (9) a kiss
From taking the drug	And now I see it
It's you, yeah	You're in my veins
It happens every time	And I can feel it
Can't get you off my mind	Taking over me
And anybody else better wait in line	I can't help myself from falling in love
I can't help myself from falling in love	(10) falling in love with you, yeah
From falling in love with you, yeah	I can't help myself from taking the drug
Every time you come calling	From taking the drug
Didn't think I'd be falling	It's you, yeah
Never thought It'd be you	It happens every time
I would always needed	Can't get you off my mind
(4) was something to run from	And anybody else better wait in line
I was always the last one	I can't help myself from falling in love
That everyone thought would be in this dream	From falling in love with you, yeah
(5) I go	
Yeah, no one else I know	
That shines as (6) as you in my telescope
