

Fill in the gaps

Made a wrong turn, once or twice	The whole world stares
Dug my way out, blood and fire	while I swallow the fear
Bad decisions, that's alright	The only thing I should be drinking is an ice cold beer
Welcome to my silly life	So cool in lying and we tried, tried, tried
Mistreated, misplaced, misunderstood	But we try too hard,
Mis, no way it's all good,	it's a waste of my time
it didn't slow me down	Done looking for the critics
Mistaken, always second guessing	because they're everywhere
Underestimated, look, I'm still around	They don't like my genes, they don't get my hair
Pretty, pretty please, don't you ever, ever feel	Strange ourselves
Like you're less than, fucking perfect	and we do it all the time
Pretty, pretty please, if you ever, ever feel	Why do we do that? Why do I do that?
Like you're nothing you are fucking perfect to me	Why do I do that?
You're so mean when you talk	Yes, I'm pretty, pretty, pretty
About yourself, you are wrong	Pretty, pretty please, don't you ever, ever feel
(1) the voices in your head	Like you're less than, fucking perfect
Make them like you instead	Pretty, pretty please, if you ever, ever feel
So complicated, look how big you'll (2) it	Like you're nothing, you are fucking (6) to
Filled with so much hatred, such a tired game	me
It's enough, I've (3) all I can think of	You are perfect, you're perfect
Chased down all my demons, see you do the same	Pretty, pretty please if you ever, ever feel
Pretty, pretty please, don't you ever, ever feel	Like you're less than, fucking perfect
(4) you're less than, fucking perfect	Pretty, pretty (7) if you ever, ever feel
Pretty, pretty please, if you ever, ever feel	(8) you're nothing, you are (9)
(5) you're nothing, you are fucking perfect to me	to me
