

## Fill in the gaps

| No attorneys                     | No orbits                       |
|----------------------------------|---------------------------------|
| To plead my case                 | To send me (12) outta space     |
| No orbits                        | And my fingers                  |
| To send me into outta space      | Are bejeweled                   |
| And my fingers                   | With diamonds and gold          |
| Are bejeweled                    | But that ain't (13) help me now |
| With (1) and gold                | You (14) your right             |
| But (2) ain't (3) help me now    | But you (15) wrong              |
| I'm trouble                      | You tried to (16) me            |
| Yes (4) now                      | But I knew all along            |
| I'm (5) you all                  | You can take me for a ride      |
| I disturb my town                | Because I'm not a fool out      |
| I'm trouble                      | So you better run and hide      |
| Yes trouble now                  | I'm trouble                     |
| I'm trouble you all              | Yes trouble now                 |
| I got trouble in my town         | I'm trouble you all             |
| You (6) your right               | I disturb my town               |
| But you were wrong               | I'm trouble                     |
| You tried to take me             | Yes (17) now                    |
| But I knew all along             | I'm trouble you all             |
| You can (7) me for a ride        | I got trouble in my town        |
| I'm not a fool out               | So if you see me coming         |
| So you better run and hide       | (18) the (19) ther              |
| I'm trouble                      | You (20) it's (21) to           |
| Yes (8) now                      | Go -go, I got                   |
| 'm trouble you all               | I'm trouble                     |
| disturb my town                  | Yes trouble now                 |
| 'm trouble                       | I'm trouble you all             |
| Yes (9) now                      | I disturb my town               |
| 'm trouble you all               | I'm trouble                     |
| got (10) in my town              | Yes trouble now                 |
| f you see me coming              | I'm trouble you all             |
| Down the street then             | I got (22) in my town           |
| You know it's time to            | (bis)                           |
| Go -and you know it's time to go | I got trouble in my town        |
| Because here (11) trouble-       | I got (23) in my town           |
| No attorneys                     |                                 |
| To plead my case                 |                                 |
