One night stand by Sick of Sarah

'll make you wonder	Come and chase me through the night and
I'll make you wonder now	Feel this fine line escalate
Give your fingertips a break	I can't believe you're
I'll take you under	I can't believe you're gone
I'll make you wonder now	I can't believe you're
I'll make you wonder	I can't (7) you're gone
Give your fingertips a break	You were my (8) favourite feeling
I'll (1) you under	Let's sing la la la la
I'll take you under	You are my new favourite feeling
And when it starts back into night	You are my little favourite feeling
You'll ask me if I want to play	Singing whoa
Come and chase me (2) the night and	d I catched you at the right time
Feel this fine line escalate	Not my feeling, not my feeling
I'll make you wonder	If you can't stop me
I'll (3) you wonder now	No you'll do it
Give (4) fingertips a break	Now you'll do it
I'll take you under	No you do it again
I'll make you wonder	And when you wake up
Let me whisper melodies	In yesterday's makeup
Pull me in a little more	You left me with the message
Pull me close, serenity	"Can we still be friends?"
If you can't stop me	And when it starts (9) into night
No you'll do it	You'll ask me if I want to play
Now you'll do it	Come and chase me through the night and
No you do it again	Feel me taste your breath away
And when you wake up	I can't believe you're
In yesterday's makeup	I can't believe you're gone
You left me with the message	I can't believe you're
'Can we still be friends?"	I can't believe you're gone
And when it starts (5) into night	
(6) ask me if I want to play
