

## Fill in the gaps

## The sound of silence by Simon & Garfunkel

Hello darkness, my old friend	(16) voices never share
I've come to talk with you again	And no one dare
Because a vision softly creeping	(17) the sound of silence
(1) its seeds while I was sleeping	"Fools" said I
And the vision that was planted in my brain	You do not know (18) like a
Still (2)	(19) grows
Within the sound of silence	Hear my words that I might teach you
In restless dreams I (3) (4)	(20) my arms that I might reach you
Narrow streets of (5)	But my words like silent raindrops fell
Neath the halo of a street (6)	And echoed in the wells of silence
I (7) my collar to the cold and damp	And the (21) bowed and prayed
(8) my (9) (10) stabbed	To the (22) god they made
By the flash of a neon (11)	And the (23) flashed out its warning
(12) split the night	In the (24) that it was forming
And (13) the sound of silence.	And the sign said
And in the naked (14) I saw	"The words of the prophets
Ten thousand people, maybe more.	Are written on the (25) walls
People talking without (15)	And tenement halls
People hearing without listening	And whispered in the sounds of silence"
People writing songs
