## Everything has changed by Taylor Swift

All I (1) this morning when I woke is	Know you better now
I know something now, know something now I didn't before	I just want to know you, know you, know you
And all I've seen since 18 hours ago is	Because all I know is we said hello
Green eyes and freckles and your smile	And your eyes look like coming home
In the back of my mind making me (2) like	All I know is a simple name and (7)
I just want to know you better, know you better	has changed
(3) you better now	All I know is you held the door
I just want to know you better, know you better	You'll be mine and I'll be yours
Know you better now	All I (8) since yesterday is everything has changed
I just want to know you better, know you better	Come back and tell me why I'm feeling like
Know you better now	I've missed you all this time
I just want to know you, know you, know you	And meet me there tonight
Because all I know is we said hello	And let me know that it's not all in my mind
And your eyes look like (4) home	I just (9) to know you better, know you better
All I know is a simple name and everything has changed	Know you better now
All I know is you held the door	I just want to know you, know you, know you
You'll be mine and I'll be yours	Because all I know is we said hello
All I know since yesterday is everything has changed	And your eyes look like coming home
And all my walls	All I know is a simple name and
Stood tall painted blue	(10) has changed
But I'll take them down, take them down	All I know is you held the door
And (5) up the door for you	You'll be mine and I'll be yours
And all I feel in my stomach is butterflies	All I know since yesterday is everything has changed
The beautiful kind (6) up for lost time	All I know is we said hello
Taking flight, making me feel like	So dust off your highest hopes
I just want to know you better, know you better	All I know is pouring rain
Know you better now	And everything has changed
just want to know you better, know you better	All I know is a new found grace
Know you better now	All my days, I'll know your face
just want to know you better, know you better	All I know since yesterday is everything has changed
