## The Star Wars that I used to know by Teddie Films

Now and then I think of when I was in power	But Star Wars will be done my way
Like choking people with the Force until they died	I don't care what (5) have to say
But then you told them all my history	I think that they (6) let it go
And took away my masculinity	Or they'll never get the Blu-Ray
And had my character portrayed by subpar actors	Of the Star Wars that you used to know
You are now addicted to an overuse of graphics	You didn't have to (7) it all
And making Greedo shoot first? Han shot first!	No more puppets, no more practical effects or nothing
So when you tried to have the Force make sense	I don't even need your love
You introduced the midichlorians	But you treat me like a Bantha and that feels so cold
And what's the deal with having me be dubbed over	No you didn't have to sell your soul
But you didn't have to change it all	Do we really need to watch (8) all again in 3D?
Make them like they never happened	Jar Jar was an all time low
And the fans are nothing	What happened to the Star Wars that I used to know?
I don't even (1) your love	The movies
But you treat me like a Bantha and that feels so rough	I used to know
No you didn't have to make them blow	The movies
Have your (2) direct your movies	What happened to the Star Wars that I used to know?
And they'll (3) out better	The movies
You think that you don't need them though	I used to know
What happened to the Star Wars that I used to know?	The movies
What happened to the Star Wars that I used to know	What happened to the Star Wars that I (9) to kno
What happened to the Star Wars that I used to know	I used to know
What happened to the Star Wars that I used to know	That I used to know
Now and then I think of all the times	I used to know
I screwed fans over	That I used to know
I had them believing that the first (4) films	

- 1. need
- 2. friends
- 3. turn
- 4. three
- 5. they
- 6. should
- 7. change
- 8. them
- 9. used
