Fill in the gaps

Sweater weather by The Neighbourhood

And all I am is a man	Put my linger on your tongue because you love to taste
I want the world in my hands	This heart's a door
I hate the beach	Everyone the other be touched is for
But I stand in California (1) my toes in the sand	Inside this place is warm
Use the sleeves on my sweater	Outside it starts to pour
Let's have an adventure	Coming down
Head in the clouds but my gravity's centered	One love, two mouths
Touch my neck and I'll touch yours	One love, one house
You in those little high (2) shorts	No shirt, no blouse
Oh, she knows (3) I think about	Just us, you find out
And what I think about	Nothing I really want to tell you about, no
One love, two mouths	Because it's too cold for you here
One love, one house	And now, so let me hold both your hands
No shirt, no blouse	In the (8) of my sweater
Just us, you find out	Because it's too cold for you here
(4) I really want to tell you about, no	And now, so let me hold both your hands
Because it's too cold for you here	In the holes of my sweater
And now, so let me hold both your hands	Because it's too cold for you here
In the holes of my sweater	And now, so let me hold both your hands
Before I may just take your breath away	In the holes of my sweater
I don't mind because now I might to say	Because it's too cold for you here
Sometimes the (5) guides your mind	And now, let me hold both your hands
So (6) to a place so far away	In the holes of my sweater
The goosebumps start to race	It's too cold, it's too cold
The (7) that my left hand	The holes of my sweater
Meets your waist	
And then I watch your face
