

Fill in the gaps

Sweater weather by The Neighbourhood

And all I am is a man	Put my (21) on your tongue because you
I (1) the world in my hands	love to taste
I (2) the beach	(22) heart's a door
But I stand in California (3) my toes in the sand	Everyone the (23) be touched is for
Use the (4) on my sweater	(24) this place is warm
Let's have an adventure	Outside it (25) to pour
Head in the clouds but my gravity's centered	Coming down
(5) my neck and I'll (6) yours	One love, two mouths
You in (7) little (8) waisted shorts	One love, one house
Oh, she (9) what I (10) about	No shirt, no blouse
And (11) I think about	Just us, you find out
One love, two mouths	Nothing I really want to tell you about, no
One love, one house	Because it's too cold for you here
No shirt, no blouse	And now, so let me hold both your hands
(12) us, you find out	In the holes of my sweater
Nothing I really want to (13) you about, no	Because it's too (26) for you here
(14) it's too (15) for you here	And now, so let me hold (27) (28)
And now, so let me hold both (16) hands	hands
In the holes of my sweater	In the holes of my sweater
(17) I may just (18) your breath	Because it's too cold for you here
away	And now, so let me hold both your hands
I don't mind because now I (19) to say	In the (29) of my sweater
Sometimes the silence guides your mind	Because it's too cold for you here
So move to a place so far away	And now, let me hold both your hands
The goosebumps start to race	In the holes of my sweater
The minute that my (20) hand	It's too cold, it's too cold
Meets your waist	The holes of my sweater
And then I watch your face
