And then I watch your face

### Fill in the gaps

### Sweater weather by The Neighbourhood

And all I am is a man	Put my finger on your tongue because you love to taste
I want the (1) in my hands	This heart's a door
I hate the beach	Everyone the other be touched is for
But I stand in California with my (2) in the sand	Inside this place is warm
Use the sleeves on my sweater	Outside it starts to pour
Let's have an adventure	Coming down
Head in the clouds but my gravity's centered	One love, two mouths
Touch my neck and I'll touch yours	One love, one house
You in those little high waisted shorts	No shirt, no blouse
Oh, she (3) what I think about	Just us, you find out
And (4) I think about	Nothing I really want to tell you about, no
One love, two mouths	(7) it's too cold for you here
One love, one house	And now, so let me hold both your hands
No shirt, no blouse	In the holes of my sweater
Just us, you find out	(8) it's too cold for you here
Nothing I really want to tell you about, no	And now, so let me hold both your hands
Because it's too cold for you here	In the (9) of my sweater
And now, so let me hold (5) your hands	Because it's too cold for you here
In the holes of my sweater	And now, so let me hold both your hands
Before I may just take your breath away	In the holes of my sweater
I don't mind because now I might to say	Because it's too cold for you here
Sometimes the silence guides your mind	And now, let me hold both your hands
So move to a place so far away	In the holes of my sweater
The goosebumps (6) to race	It's too cold, it's too cold
The minute that my left hand	The holes of my sweater
Meets your waist
