

Fill in the gaps

Need your love by The Temper Trap

And I am a war of flesh and heart that's left undone Between the person that I was and have become

The road is pulling me into her open web		I need to love, I need (7) love,
And for a (1)	I escape and I forget	I need you know, I need you
The silhouettes behind the dust clouds call me friend		I need to love, I need your love,
But even fools (2)	here	I need you know, I need your love
They're far and few between		I need to love, I (8) your love,
She has abandoned me on highways and (3)		I need you know, I need you
plains		I need to love, I (9) your love,
Of lonely creatures singing for the summer rain		I need you know
And at the end of all your knees fall down to me		There is no resting in my heart
Yeah it's something in you always yearns for someone real		There is no (10) in my heart
I need to love, I (4)	(5) love,	There is no resting now
I need you know, I need you		There is no resting in my heart
I need to love, I need your love,		There is no resting in my heart
I (6) you know, I need you		There is no resting for the one you love
She is my salvation in the dark		
But at night with lips of h	noney calls the devil's wh*re
