

Fill in the gaps

Hey you		Can't you make (14) sane
Remember me		I know, I know, I know
Remember love		You ain't the one to play the game
Remember trying to stay together, my time		Now I know I'm never gonna go your way
You (1) it all		If you go, now I know, I know, I know
You tried to see		Forever we tried to make it right
You tried to bring (2) up	ρ	But together we saw the end in sight
(3) involving me		I'm tired of (15) the good fight
It isn't fair		If you say the word then I'll say goodbye
To have (4) way		Forever I see you and me
To try and get up		Forever I'll try for you and I
And go now (na na na na na) can't you see		No I never believed in their insight
It isn't fair		Just another good reason to get it right
To (5) your way		Go, go, go, get out, get out of my memory
But I'm trying to get (6) attention		No, no, no, not tonight I don't have the energy
I need you to know that		Go, go, go, get out, get out of my memory
Hey you, hey you		No, no, no, not tonight, oh not tonight, oh not tonight
Can't you make (7) sane		Forever we tried to make it right
I know, I know		But together we saw the end in sight
You ain't the one to (8) the game		I'm tired of fighting the (16) fight
Now I know I'm never gonna go (9) way		If you say the word then I'll say goodbye
If you go, now I know, I know, I know, I know		Forever I see you and me
Forever we tried to (10) it right		Forever I'll try for you and I
But (11) we saw the end in sight		No I (17) believed in their insight
I'm tired of fighting the good fight		Just another (18) reason to get it right
If you say the word (12) I'll say goodbye		Forever we tried to make it right
Forever I see you and me		But together we saw the end in sight
Forever I'll try for you and I		I'm tired of fighting the good fight
No I never believed in their insight		If you say the word then I'll say goodbye
Just another good reason to get it right		Forever I see you and me
I don't		Forever I'll try for you and I
Wanna turn around		No I (19) believed in (20) insight
So come on baby		Just another (21) reason to get it right
Come on and try to let it out		Forever we tried (tried, tried, yeah)
Let go		Forever we tried (tried, tried, yeah)
We're still the same		Forever we (22) (forever, forever we tried)
So come on baby		Forever we tried (forever, forever we tried)
Trigger the sound to figure it out		
Let's get (13) to were we started out
