

Fill in the gaps

I Love My Computer by Bad Religion

I love my computer	When I turn on you
You make me feel alright	I love my computer
Every waking hour	You never ask for more
And every lonely night	You can be a princess
I love my computer	Or you can be my whore
For all you give to me:	And it's never been quite so easy
Predictable errors and no identity	I've never been (3) so happy
And it's never been quite so easy	The world outside is so big
I've never been (1) so happy	But it's safe in my domain
All I need to do is click on you	Because to you
And we'll be joined	I'm just a number
In the most soul-less way	And a (4) screen name
And we'll never ruin (2) other's day	All I (5) to do is click on you
'cuz when I'm through I just click	And we'll be together for eternity
And you just go away	And no one is (6) (7) (8)
I love my computer	my love
You're always in the mood	From me because I've got security
I get so turned on	Her password and a key
