

Fill in the gaps

We're a (1) miles from comfort	We're different and the same
We have travelled land and sea	Get you another name
But as long as you are with me	Switch up the batteries
There's no place I'd rather be	If you gave me a chance
I would have waited forever	I would take it
Exalted in the scene	It's a shot in the dark
As long as I am with you	But I'll make it
My (2) continues to beat	Know with all of your heart
With every step we take	You can't shake me
Kyoto to the bay	When I am with you
Strolling so casually	There's no place I'd rather be
We're different and the same	No no, no place I'd rather be
Get you another name	No no, no place I'd rather be
Switch up the batteries	No no, no place I'd rather be
If you gave me a chance	When I am with you
I (3) take it	There's no (6) I'd (7) be
It's a shot in the dark	If you gave me a chance
But I'll make it	I would take it
Know with all of your heart	It's a shot in the dark
You can't shake me	But I'll make it
When I am with you	Know with all of your heart
There's no place I'd rather be	You can't shake me
No no, no place I'd rather be	When I am with you
No no, no place I'd (4) be	There's no place I'd rather be
No no, no place I'd rather be	No no, no place I'd rather be
We set out on a mission	No no, no place I'd rather be
To find our (5) peace	No no, no place I'd rather be
Make it everlasting	When I am (8) you
So nothing is incomplete	There's no place I'd rather be
It's easy being with you	No no, no place I'd rather be
Sacred simplicity	No no, no place I'd rather be
As long as we're together	No no, no place I'd rather be
There's no place I'd rather be	When I am with you
With every step we take	There's no place I'd (9) be
Kyoto to the bay	
Strolling so casually
