

Fill in the gaps

I saw you (1) down the street	And I'll be your baby
With some other girl	All I'm asking you for when you walk out the door
Always thought that I was the (2) one in your world	Is to be my baby, baby
Baby can you tell me so	'Cause you knew from the start
Out of sight out of mind	That you were working my heart
Ain't what love ought to be	Won't you be my baby
And I hoped all the time that you'd be faithful to me	I remember our walk other Saturday night
faithful to me	Sweet harmonies filled and floated through our minds
All I'm asking you for (3) you walk out the door	Never felt this way before
Is to be my baby, baby	We were riding so high on love and understanding
I just want to be sure	So why go wasting your time
That forever and more	when you have got such a find
You would be my baby	That is everlasting
Love is just like a (4) baby it has to grow	All I'm asking you for when you walk out the door
And when you are away I'm even loving you more	Is to me my baby, baby
I just (5) to let you know	I just (8) to be sure
One on one is the way and	That (9) and more
That's the way it should be	You would be my baby
So if you're not gonna stay	All I'm (10) you for when you walk out the
Then don't be (6) with me	door
You can set me free	Is to be my baby, baby
All I'm asking you for when you walk out the door	Because all this love is for you
Is to be my baby, baby	And you know that I'm true
Because all this love is for you	And I'll be your baby
And you know (7) I'm true	And I want you to love me baby
