

Fill in the gaps

Summer by Calvin Harris

When I met you in the summer

To my heartbeat sound

We fell in love

As the (1)_____ turned brown

And we could be (2)_____ baby

As (3)_____ as skies are blue

You act so innocent now

But you lied so soon

When I met you in the summer

When I met you in the summer

To my heartbeat sound

We fell in love

As the (4)_____ turned brown

And we could be (5)_____ baby

As long as (6)_____ are blue

You act so (7)_____ now

But you lied so soon

When I met you in the summer, in the summer

When I met you in the summer, in the summer
