## Fill in the gaps

Tonly you could see the tears in	Soledad
The world you left behind	It's a keeping for the lonely
f only you could heal my heart	Since the day that you were gone
Just one more time	Why did you leave me
Even when I close my eyes	Soledad
There's an image of your face	In my heart you were the only
And once again I come to realize	And your memory lives on
You're a (1) I can't replace	Why did you (7) me
Soledad	Soledad
t's a keeping for the lonely	Time will (8) change the things
Since the day that you (2) gone	You told me
Why did you leave me	And after all were meant to be
Soledad	Love (9) bring us back to you and me
n my heart you (3) the only	If only you could see
And your memory lives on	Soledad
Why did you leave me	It's a keeping for the lonely
Soledad	Since the day that you were gone
Walking (4) the streets of Nothingville	Why did you leave me
Where our love was young and free	Soledad
cant (5) just what an empty place	In my (10) you were the only
t has come to be	And your memory lives on
(6) give my life away	Why did you leave me
f it could only be the same	Soledad
Coz I can't still the voice inside of me
