

Fill in the gaps

You're my last breath,	And we gave it time
you're a breath of fresh air to me	All eyes are on the clock
am empty	Time (7) too much time
So tell me you care for me	Please make the waiting stop
You're the first thing	And the atmosphere is charged
And the last thing on my mind	In you I trust
n your arms I feel	And I feel no fear as I
Sunshine	Do as I must
Give up (1) the moment	Give up yourself unto the moment
The time is now	The time is now
Give up yourself unto the moment	Give up yourself unto the moment
_et's make this moment last	Let's make this moment last
You may (3) yourself	Give up (8) unto the moment
Out on a limb for me	The time is now
Could you (4) it as	Give up yourself unto the moment
A part of your destiny?	Let's make this moment last
give all I have	Tempted by fate
But it's not enough	And I won't hesitate
And my patience is shot	The time is now
So I'm calling your bluff	Let's make this moment last
Give up yourself unto the moment	And the night is young
The time is now	The time is now
Give up yourself unto the moment	Let's (9) this moment last
_et's (5) this moment last	Give up yourself unto the moment
Give up yourself unto the moment	The time is now
The (6) is now	Give up yourself unto the moment
Give up yourself unto the moment	Let's make this moment, last
_et's make this moment last
