

Fill in the gaps

From walking home and (1) loads	And I'll be me
To seeing shows in evening clothes (2) you	Everything that's broke
From nervous touch and getting drunk	Leave it to the breeze
To staying up and (3) up with you	Why don't you be you
But now we're sleeping at the edge	And I'll be me
Holding something we don't need	And I'll be me
All this (4) in our heads	Trying to fit your hand (6) of mine
Is gonna bring us to our knees	When we know it (7) don't belong
So come on let it go	There's no force on earth
Just let it be	Could (8) me feel right, no
Why don't you be you	Whoa
And I'll be me	Trying to push this problem up the hill
Everything that's broke	When it's (9) too heavy to hold
Leave it to the breeze	Think now's the time to let it slide
Why don't you be you	So come on let it go
And I'll be me	Just let it be
And I'll be me	Why don't you be you
From throwing clothes across the floor	And I'll be me
To teeth and claws and slamming doors at you	Everything that's broke
If this is all we're living for	Leave it to the breeze
Why are we doing it, doing it, doing it anymore	Let the ashes fall
I (5) to recognize myself	Forget about me
It's funny how reflections change	Come on let it go
When we're becoming something else	Just let it be
I think it's time to walk away	Why don't you be you
So come on let it go	And I'll be me
Just let it be	And I'll be me
Why don't you be you
