Fill in the gaps

Even In The Quietest Moments by Supertramp

Even in the quietest moments	But (8)	the (9)	keep falling
I (1) I knew what I had to do	They're raining from the sky		
And even though the sun is shining	Well there's a lot of me got to go under before I get high		
Well I feel the (2) here it comes again, dear	Don't you let the sun disappear		
And even when you showed me	Don't you let the sun disappear		
My (3) was out of tune	Don't you let the sun be leaving		
For there's a shadow of doubt that's not letting me	No, you can't be leaving my life		
(4) you too soon	Say that you won't be leaving my life		
The music that you gave me	Say that you won't be leaving my life		
The language of my soul	Say won't you please, stay won't you please		
Oh Lord, I want to be (5) you.	Say won't you please, stay won't you please		
Won't you let me come in from the cold?	Lord, won't you come and get into my life		
Don't you let the sun (6) away	Lord, won't you come and get into my life		
Don't you let the sun fade away	Say won't you please, stay won't you please		
Don't you let the sun be leaving	Say won't you please, stay won't you please		
Won't you come to me soon	Lord, don't go		
And even though the stars are listening	And even when the song is over		
And the ocean's deep, I just go to sleep	Where have I been was it just a dream?		
And (7) I create a silent movie	And though yo	ur door is (10)	open
You become the star, is that what you are, dear?	Where do I begin may I please come in, dear?		
Your whisper tells a secret			
Your laughter brings me joy			
And a wonder of feeling I'm Nature's own little boy
