Forgive Me by Evanescence

Fill in the gaps

Can you forgive me agair	1	
I don't (1) wha	at I said	
But I didn't mean to hurt y	/ou	
I heard the words come of	out	
I felt that I (2)	_ die	
It hurt so much to hurt yo	u	
Then you look at me		
You're not shouting anym	nore	
You're silently broken		
I'd give anything now		
To hear (3)	(4)	from you
Each time I say (5)		I regret
I cry, I don't want to lose	you	
But (6)	I know that you	will never (7) me
But (6) Cause you (8)		will never (7) me
	made for me	will never (7) me
Cause you (8)	made for me	will never (7) me
Cause you (8)	made for me	will never (7) me
Cause you (8) Somehow I'll (9) How happy you make me	made for me	will never (7) me
Cause you (8) Somehow I'll (9) How happy you make me I can't live this life Without you by my side	made for me	will never (7) me
Cause you (8) Somehow I'll (9) How happy you make me I can't live this life	made for me you see	will never (7) me
Cause you (8) Somehow I'll (9) How happy you make me I can't live this life Without you by my side I need you to survive	made for me you see	
Cause you (8) Somehow I'll (9) How happy you make me I can't live this life Without you by my side I need you to survive So (10) with n	made for me you see	
Cause you (8) Somehow I'll (9) How happy you make me I can't live this life Without you by my side I need you to survive So (10) with n You look in my eyes and	made for me you see e	

And I never meant to hurt you
