

Fill in the gaps

If there's anything you need	I (16) you for the rest of my life
All you (1) to do is say	Together forever and never to part
You know you satisfy everything in me	Together (17) we two
We shouldn't waste a single day	And don?t you know
So don't (2) me falling	I (18) (19) (20) and
It's destiny calling	earth
A power I just can't deny	To be together forever with you
It's (3) changing	So don't stop me falling
Can't you hear me I'm saying	It's destiny calling
I (4) you for the rest of my life	A (21) I just can't deny
Together (5) and (6) to part	It's (22) changing
Together (7) we two	Can't you hear me I'm saying
And don?t you know	I want you for the rest of my life
I (8) (9) heaven and earth	Together (23) and never to part
To be together (10) you	Together forever we two
If (12) ever get you down	And don?t you know
There's (13) something I can do	I would (24) (25) and earth
Because I wouldn't ever wanna see you frown	To be together forever (26) you
I'll always do what's best for you	Together forever and (27) to part
There ain't no mistaken	Together forever we two
It's true (14) we're making	And don?t you know
Something to last for all time	I (28) move heaven and earth
It's (15) changing	To be together forever with you
Can't you hear me I'm saying
