Stay with me,
My love I (1) you'll always be
Right (2) by my side if ever I needed you
Oh my love
In your arms,
I feel so safe and so secure
Everyday is such a perfect day to spend
Alone with you
I will follow you will you (3) me
All the (4) and nights that we (5) will be
I will stay with you will you stay with me
Just one single tear in (6) passing year
With the dark,
I see so very clearly now
All my fears are (7) by me so slowly now
All my fears are (7) by me so slowly now
All my fears are (7) by me so slowly now Fading away
All my fears are (7) by me so slowly now Fading away I can say
All my fears are (7) by me so slowly now Fading away I can say The night is long but you are there
All my fears are (7) by me so slowly now Fading away I can say The night is long but you are there Close at hand I'm better for the smile you give
All my fears are (7) by me so slowly now Fading away I can say The night is long but you are there Close at hand I'm better for the smile you give And while I live
All my fears are (7) by me so slowly now Fading away I can say The night is long but you are there Close at hand I'm better for the smile you give And while I live I will follow you will you follow me
All my fears are (7) by me so slowly now Fading away I can say The night is long but you are there Close at hand I'm better for the smile you give And while I live I will follow you will you follow me All the days and nights that we know will be
All my fears are (7) by me so slowly now Fading away I can say The night is long but you are there Close at hand I'm better for the smile you give And while I live I will follow you will you follow me All the days and nights that we know will be I will (8) with you will you stay with me
