

Fill in the gaps

Come (1) me	Stripped down to the bone
Into the trees	Let me see you
We'll lay on the grass	Stripped down to the bone
And let the (2) pass	Let me (5) you
Take my hand	Make decisions
Come back to the land	Without your television
Let's get away	Let me (6) you speaking
Just for one day	Just for me
Let me see you	Let me see you
Stripped down to the bone	Stripped down to the bone
Let me see you	Let me hear you speaking
Stripped down to the bone	Just for me
Metropolis	Let me see you
Has nothing on this	Stripped down to the bone
You're breathing in fumes	Let me hear you crying
I (3) (4) we kiss	Just for me
Take my hand	Let me see you
Come back to the land	Stripped (7) to the bone
Where everything's ours	Let me (8) you speaking
For a few hours	Just for me
Let me see you
