

I get stupified [x2]

Fill in the gaps

Yeah, bringing you another disturbing creation		All the people in the left wing rock	
from the mind of one sick animal who can't (1) the		And all the people in the right wing rock	
difference		And all the people in the underground room	ck
and gets stupified		I find myself stupified, coming (7)	again
I've been waiting my whole life for just one fuck		All the people in the high rise rock	
And all I needed was (2) one fuck		And all the people in the projects rock	
How can you say that you don't give a fuck		And all la gente in the barrio rock	
I find myself stupified, coming back again		I find myself stupified, (8)	back again
All I wanted was just one fuck		Why, do you like playing around with	
One (3) little innocent fuck		My, narrow scope of reality	
And when I feel like I'm shit out of luck		I, can feel it all start slipping	
find myself stupified, coming back again		I think I'm breaking down	
Why, do you like (4) around with		Why, do you (9) playing around with	
My, narrow scope of reality		My, narrow scope of reality	
I, can (5) it all start slipping		I, can feel it all start slipping away	
I think I'm breaking down		See but I don't get it	
Why, do you like playing around with		Don't you think (10) we could put it on credi	
My, (6) scope of reality		Don't you think it can take control when I don't let it	
I, can feel it all start slipping away		I get stupified	
See but I don't get it		It's all the same you say	
Don't you think maybe we could put it on credit		Live with it	
Don't you think it can take control when I don't let it		But I don't get it	
I get stupified		Don't you think maybe we could put it on credit	
It's all the same you say		Don't you think it can take control when I don't let it	
Live with it		I get stupified	
But I don't get it		I get stupified	
Don't you think maybe we could put it on credit			
Don't you think it can take control when I don't let it			

- 1. tell
- 2. just
- 3. tiny
- 4. playing
- 5. feel
- 6. narrow
- 7. back
- 8. coming
- 9. like
- 10. maybe
