## Here Without You by Three Doors Down

A hundred days (1) made me older	But you're still on my lonely mind
Since the last time that I saw (2) pretty face	I think about you baby
A thousand lies have made me colder	And I dream about you all the time
And I don't think I can look at this the same	I'm here without you baby
But all the miles that separate	But you're still with me in my dreams
Disappear now when I'm dreaming of your face	And tonight girl it's only you and me
I'm here without you baby	Everything I know and (4) I go
But you're still on my lonely mind	It gets hard but it won't take away my love
I think about you baby	And when the (5) one falls, when it's all
And I dream about you all the time	(6) and done
I'm here without you baby	It gets hard but it won't take away my love, whoa
But you're still with me in my dreams	I'm here without you baby
And tonight it's only you and me, yeah	But you're (7) on my lonely mind
The miles just keep rollin'	I think about you baby
As the people leave their way to say hello	And I dream about you all the time
I've heard this life is overrated	I'm (8) without you baby
But I hope (3) it gets better as we go, oh yeah	But you're still (9) me in my dreams
yeah	And tonight girl it's only you and me, yeah oh yeah oh
