

## Fill in the gaps

How can I decide what's right when you're clouding up my	when I used to know you so well
mind	But how did we get here
I can't win your losing fight all the time	I think I know
How can I ever own what's mine (1) you're always	Do you see what we've done
(2) sides	We're gonna make such (7) of ourselves
But you (3) take (4) my pride,	Do you see what we've done
no not this time	We're gonna (8) (9) fools of ourselves
Not this time	How did we get here
How did we get here	when I (10) to know you so well
When I used to know you so well	But how did we get here
But how did we get here	I think I know
I think I know	There is something I see in you
The truth is hiding in your eyes and its hanging on your tongue	It might kill me
Just boiling in my blood but you think that I cant see	I want it to be true
What kind of man that you are, if you're a man at all	
Well I will figure this one out on my own	
I'm screaming I (5) you so	
My (6) you can't decode
