

Always keep it flying high in the sky

## Fill in the gaps

When you're close to (1) remember	Of love
Someday it'll all be over	Cause we are gonna be
One day we're gonna get so high	Forever, you and me
Though it's darker than December	You will
What's ahead is a different colour	Always keep it flying high in the sky
One day we're gonna get so high	Of love
And at the end of the day remember the days	And at the end of the day remember the days
When we (2) close to the end	When we were close to the end
And wonder how we made it through the night	And wonder how we made it (8) the night
At the end of the day	At the end of the day
Remember the way	Remember the way
We stayed so (3) to the end	We stayed so close to the end
We'll remember it was me and you	We'll remember it was me and you
Cause we are gonna be	Cause we are gonna be
Forever, you and me	Forever, you and me
You will	You will
Always (4) it flying (5) in the sky	Always keep it flying high in the sky
Of love	Of love
Don't you think it's time you started	Cause we are gonna be
Doing what we always wanted	Forever, you and me
One day we're gonna get so high	You will
Cause even the impossible	Always (9) it flying (10) in the sky
Is easy when we got each other	Of love
One day we're gonna get so high	Cause we are gonna be
And at the end of the day remember the days	Forever, you and me
When we were (6) to the end	You will
And wonder how we (7) it through the night	Always keep it flying high in the sky
At the end of the day	Of love
Remember the way	Cause we are gonna be
We stayed so close to the end	Forever, you and me
We'll remember it was me and you	You will
Cause we are gonna be	Always keep it flying high in the sky
Forever, you and me	Of love
You will
