

## Fill in the gaps

| Bury all your secrets in my skin                            |
|---|
| Come away with innocence and leave me with my sins          |
| The air around me still (1) like a cage                     |
| And love is just a camouflage for what resembles rage again |
| So if you love me let me go                                 |
| And run (2) before I know                                   |
| My heart is just too dark to care                           |
| I can't destroy what isn't there                            |
| Deliver me into my fate                                     |
| If I'm (3) I cannot hate                                    |
| I don't deserve to have you                                 |
| Ooh, my smile was taken long ago                            |
| If I can change I hope I (4) know                           |
| I still press (5) letters to my lips                        |
| And cherish them in (6) of me that                          |
| (7) every kiss  |
| I couldn't face a life without your lights                  |
| But all of that was ripped apart when you refused to fight  |
| So save your breath, I (8) not care                         |
| I think I made it (9) clear                                 |
| You couldn't hate enough to love                            |

Is that supposed to be enough? I only wish you weren't my friend Then I could hurt you in the end I never claimed to be a saint Ooh, my own was banished long ago It took the death of hope to let you go So break yourself against my stones And spit your pity in my soul You never needed any help You sold me out to save yourself And I won't listen to (10)\_ \_ shame You ran away, you're all the same Angels lie to keep control Ooh, my love was punished long ago If you still care don't ever let me know If you still care don't ever let me know
