

Fill in the gaps

I must be crazy now	Till the end of time
Maybe I (1) too much	Well maybe I, I need a (8) love yea
But when I think of you	And maybe I, I (9) a little care
I long to (2) your touch	And maybe I, maybe you, maybe you, maybe you
To whisper in your ear	Oh you need somebody just to hold you
Words that are old as time	If you do, just reach out and I'll be there
Words only you would hear	I love you, please say
If only you were mine	You love me too
I wish I could go back to the very first day I saw you	Please say you love me too
Should've made my move when you looked in my eyes	Till the end of time
'Cause by now I know that you'd feel the way that I do	These (10) words
And I'd whisper (3) words as you'd lie here by	They could change our lives forever
my side	And I promise you that we will always be together
I love you, please say	Oh, I love you
You love me too, these three words	Please say you love me too
They could (4) our lives forever	Please please
And I promise you that we will always be together	Say you love me too
Till the end of time	Till the end of time
So today, I finally find the (5) deep inside	My baby
Just to walk right up to your door	Together, together, forever
But my body can't (6) when I finally get to it	Till the end of time
Just like a thousand times before	I love you
Then without a word he handed me this letter	I will be your light
Read I hope this finds the way into your heart, it said	Shining bright
I love you, please say	Shining through your eyes
You love me too, these three words	My baby
They could (7) our lives forever	
And I promise you that we will always be together
