

Fill in the gaps

i still near your voice, when you sleep next to me.	You make me rise when I fall.
I still feel your touch in my dreams.	Cause everytime we touch, I get this feeling.
Forgive me my weakness, but I don't know why.	And everytime we kiss I swear I can fly.
Without you it's hard to survive.	Can't you feel my (5) beat fast, I (6)
Cause everytime we touch, I get (1) feeling.	this to last.
And (2) we kiss I swear I can fly.	Need you by my side.
Can't you feel my heart beat fast, I (3) this to last.	Cause everytime we touch, I feel this static.
Need you by my side.	And everytime we kiss, I reach for the sky.
Cause (4) we touch, I feel this static.	Can't you hear my heart beat so
And everytime we kiss, I reach for the sky.	I can't let you go.
Can't you hear my heart beat so	Want you in my life
I can't let you go.	Cause (7) we touch, I get
Want you in my life.	(8) feeling.
Your arms are my castle, your heart is my sky.	And everytime we kiss I swear I can fly.
They wipe away tears that I cry.	Can't you feel my heart beat fast, I (9) this to last.
The good and the bad times, we've been through them all.	Need you by my side
